Main news about Law 13.303/16 and RLCP

Public Bidding	Best Ranked Enabling	Certificate of Registration Query (CRC) emission
Check and follow up of public opportunities data at the public area of the Petronect Portal 	Registered Information of Suppliers Registry reused for the Enabling Process. 	At the end of the registering process, if the supplier is approved, it will be issued to the CRC to prove that the company is able to supply to Petrobras. This earlier CRC certification aims to optimize the enabling process. 

Overview – Purchasing and Contracting

II. Concepts and Relevant Information

Security Information - Petronect

- Petronect applications work with Petrobras servers, which are protected by **Firewall with access control** and modern information security technology;
- The communication with the Portal is made by Hyper Text Transfer Protocol Secure (**HTTPS**).

II. Concepts and Relevant Information

Portal Upgrade

Besides the updates to adjust to 13.303/16 law and RLCP, Petronect also has some other updates in its Portal

- ✓ More **steady** Portal;
- ✓ More visually **modern**;
- ✓ Standard browser: Google Chrome and similars;
- ✓ Better **usability** applications;

IX. FAQ

III. Enrollment

The Registration of Suppliers of Goods and Services of Petrobras is the database that gathers all the service providers and suppliers information with the aim to have a previous evaluation of the companies.

The registration process is organized by 'families suppliers', regarding the features of the property or service to be provided.

The Certificate of Registration Query can be used to evaluate previously the registered companies to future public bidding. Therefore, the necessary documents used for the evaluation can be rather totally or partially replaced by the CRC, according to the requirement described in the bidding notice and the documents provided in the CRC.

Furthermore, companies registered as 'family suppliers' in our Portal can receive notifications about the availability of published new bidding terms.

The registered information will have validation of one year and can be updated anytime.

III. Enrollment

Supply List

- The supply list and the evaluation requirements are available at “Registry at Petrobras” > “Supply List”

Supply List

- Select the aimed item to have access to the supply list of Petrobras Group

Supplier Registration Criteria

The parameter evaluated by Petrobras at the Enabling step can correspond to certain criteria used in the approval of the supplier registry, such as:

- **Legal Criteria:** Petrobras will monitor the regularity of the companies in the fulfilment of their obligations to the market, government agencies and society. Besides the documentation analysis, instruments that allow information gathering about certifications and documents issued by taxes entities will be used, allowing frequent update of following tax compliance indicators.
- **Technical Criteria:** The company's technical capacity of producing goods and/or service delivery will be analysed, evaluating the necessary resources to a good performance of the goods to be provided and/or service to be executed.
- **Technical Criteria SMS:** It will be verified the implementation degree of Environmental Management Systems and Occupational Health and Safety according to rules ISO 14001 e OHSAS 18001.

Supplier Registration Criteria

- **Accreditation Criteria:** It will be verified if the reseller/distributor is authorized to market products of a particular registered manufacturer. Furthermore, these criteria ensure the performance of inspections required by Petrobras and evaluate how that is provided by the company to help them occurring.
- **Economic Criteria:** Through a set of requirements and indicators, evidence of the company 's economic strength will be sought to ensure that it can continue and complete the good or service provision to Petrobras.

The fulfilment of the qualification requirements can be verified through the Registration. Therefore, the enabling requirements for hiring are preferably the same as those used for registration in a good or service 'family'. When the requirements used for the registration of the family and the result of the enabling process are the same, the result of the enabling process will be used to update the information of the company in the Supplier Registration.

III. Enrollment

Supplier Registration Criteria

Aiming to suit the supplier registration at Petrobras with the 13.303/16 law, the Commercial Registry and Classification Certificate (CRCC - stands for Commercial Registry and Classification Certificate) and the Declaration of Simplified Registry (DRS - stands for Declaration of Simplified Registry) will not be issued anymore. Both certifications no longer exist and were replaced by one single document: the **Certificate of Registration Query (CRC)**, which will have a differentiated purpose and application in the company.

The CRC will present both the family by which the company got the approval and also the partial results achieved by the supplier. Thus, **it will be presented at the certification the criteria applicable to the family of interest where he got approval.**

The **CRC will be Total or Partial**, which means that when the supplier **meets all the criteria required of the family** of interest the CRC issued will be **Total** and when the supplier **meets at least one of the criteria required**, the CRC issued will be **Partial**.

IX. FAQ

IV. Opportunities

Context

To adapt to 13.303 law and RLCP, the Petronect Portal has been modified so that all public opportunities are available to any interested party

The public opportunities will be displayed on the Portal both on public area and internal area

In the public area (no login is needed) of Petronect Portal:

- Only public opportunities can be followed;
- Only opportunities disclosed in the Official Register (DOU) will be available;
- Opportunities started during the validity of the old 2745/98 law decree will not be available;

In the internal area (with login access) of Petronect Portal:

- All opportunities already published during the old 2745/98 law decree may be followed according to the current process;
- The user will be able to see the opportunities that one has signed up for and the currently available public opportunities.

IV. Opportunities

Public area display

In accordance with the Law 13.303/16 and RLCP, all public opportunities will be displayed in the public area of Petronect Portal, enabling interested companies which meet the bidding rules participate. The following steps should be followed to find the public opportunities in the Petronect Portal:

1. Access the menu **Purchasing and Contracting**
2. Select the option **Public Bidding**
3. It is possible to see the bidding that is during the proposal period (**Open For Proposals**), those that are during the evaluation period (**In analysis of proposals**) and those that are already **Completed**.

Illustrative Material

Public area display

To find public opportunities, the user has two search options: “**Advanced Search (1)**” and “**Structured Search by Supply (2)**”.

The screenshot displays a web interface for public bidding. At the top, the heading "PUBLIC BIDDING OPEN FOR PROPOSALS" is shown in large, bold, blue letters, with a green wavy line underneath. Below this, a small text block explains the search fields: "Use the 'SEARCH FOR' field to search for opportunities based on keywords, which can be: Hiring Object, Item Description, Family Description, Opportunity Number, Sub Status, Company, Date, Material Number, and Code of the family." Below the text are two search buttons: "ADVANCED SEARCH" (highlighted with a green box and a circled '1') and "STRUCTURED SEARCH BY SUPPLY" (highlighted with a blue box and a circled '2'). The bottom section of the interface features the heading "PUBLIC BIDDINGS" in large, bold, blue letters. Below this heading is a search bar labeled "SEARCH FOR..." with a magnifying glass icon and a close button. Below the search bar are two dropdown menus: "Coverage" and "Delivery place".

Illustrative Material

Public area display

To find public opportunities, the user has the option "Search for", for this search the information will be considered: Number (of the opportunity), Substate, Company, Start date, End date, Material number, Family code, Contract object, Item description and Family description

This field is available for the following screens:

Purchases and Contracts -> Public Tenders -> Open to proposals
Purchases and Contracts -> Sale of Assets -> Published
Purchasing and Contracts -> Prequalification -> Open
Purchases and Contracts -> PMIP -> Published

Illustrative Material

IV. Opportunities

Public area display

Delivery location: drop-down list field so that the user can filter opportunities by region.

Just click and select the desired state, and then the system will display in the results grid only the opportunities related to the chosen state.

If you want to clear the filter, just click on the “All” option.

Illustrative Material

This field is available for the following screens:

Purchases and Contracts -> Public Tenders -> Open to proposals

Purchases and Contracts -> PMIP -> Published

Public area display

Coverage: drop-down field so that the user can filter opportunities by national or international scope.

This field is available for the following screens:

Purchases and Contracts -> Public Tenders -> Open to proposals

Purchases and Contracts -> PMIP -> Published

IV. Opportunities

Public area display

The "Coverage" column indicates whether the opportunity is national or international in scope.

TERMS

Prezado Cliente,

Solicitamos atenção às seguintes observações:

- o Não aceitar o termo de adesão implica em não acessar o conteúdo do Portal Petronect;
- o A manutenção dos dados de usuário são de responsabilidade da empresa. Mantenha-os atualizados a fim de evitar problemas de participação nos processos via Petronect;
- o Conheça os treinamentos disponibilizados pela Petronect no menu A Petronect > Treinamentos após seu login;
- o Ao realizar uploads de arquivos, prefira formatos leves (ex: ".pdf"), preferencialmente compactados (Ex: ".zip") e com menos de 5 MB;

TERMOS E CONDIÇÕES CONTRATUAIS PARA ADEÇÃO AO SISTEMA DE INTERMEDIÇÃO DE NEGÓCIOS - PROCUREMENT NEGÓCIOS ELETRÔNICOS S.A.

1. CONDIÇÕES GERAIS DE USO E SUA ACEITAÇÃO

1.1. Este Contrato de Prestação de Serviços (doravante denominado "Contrato") regulamenta o uso dos serviços do Portal de compras eletrônicas via INTERNET www.petronec.com.br (doravante denominado genericamente "Portal") que a Procurement Negócios Eletrônicos S.A. (doravante denominada "Petronect"), pessoa jurídica de direito privado inscrita no CNPJ sob o nº 05.370.858/0001-61, com sede social na Rua da Assembleia, 10 - 9º andar sala 901 - Centro - Rio de Janeiro - RJ CEP: 20011-901 - Brasil, presta aos usuários que utilizarem o referido Portal para compras eletrônicas e demais serviços, com o fim específico de atender às aquisições da Petrobras - Petróleo Brasileiro S.A., por prazo indeterminado, a partir da data da assinatura do contrato, até sua extinção, conforme cláusula 10.

1.2. A aceitação das condições deste contrato configura a condição legal de usuário do Portal (doravante denominado "Usuário") e expressa a sua adesão a todos os itens deste contrato, na versão em que estiver publicada no próprio endereço eletrônico, no qual há um dispositivo (doravante denominado "link") específico para acesso a este documento e todos os seus termos. A caracterização deste acordo se dá através do aceite realizado através do Portal pelo usuário da empresa fornecedora que foi registrado com privilégios de administração (doravante denominado "Usuário Administrador"). Deste modo, o Usuário, ao conectar-se ao Portal declara de antemão - e irrevogavelmente - que leu, entendeu, e principalmente, que aceita todos os termos deste documento.

1.3. O Portal tem duas áreas de acesso aos usuários: uma Pública, disponível a qualquer pessoa mediante o simples acesso via INTERNET, onde se encontram dados e informações genéricas sobre temas de interesse para a indústria de energia; e outra Reservada, providendo acesso a serviços e conteúdos do Portal, cuja utilização fica submetida a condições particulares próprias, indicadas em cláusula específica (doravante designadas como "Condições Particulares de Acesso e Utilização do Portal" descrita no item 3 deste contrato). O Usuário, portanto, deverá ler as respectivas Condições Particulares de Acesso e Utilização do Portal anteriormente ao seu primeiro acesso ou utilização destes Serviços e Conteúdos.

Terms of Use:

When you log in to the Portal, the Supplier will display the new "Term of Use" and must make the Acceptance;

A textual amendment was made in the "Term of Use", making it mandatory to re-read and accept the CONTRACTUAL TERMS AND CONDITIONS FOR ADHERENCE TO THE SYSTEM OF BUSINESS INTERMEDIATION proposed by Petronect to all users;

The screenshot shows the 'TERMS OF USE' page of the Petronect Portal. At the top, the header includes the Petrobras logo and 'Portal Petronect'. The main content area starts with 'Dear Client,' followed by a request for attention to recommendations. These include: disagreeing with terms (no access), user data maintenance responsibility, accessing training options, and file upload formats. Below this is the 'CONTRACT TERMS AND CONDITIONS' section, which includes 'DEFINITIONS' for terms like Acceptance, Access Area, Subscriber, Password, Contract, Contents, Bidding Entity, Username, Public Biddings, and Opportunities. At the bottom of the page, there are two buttons: 'Agree' (green) and 'Disagree' (red). A blue box with the text 'Click in "Agree"' has an arrow pointing directly to the 'Agree' button. The Petronect logo is visible in the bottom right corner of the page content.

Illustrative Material

Internal area display

Terms of Use:

The Supplier will also have the option of not accepting the "Term of Use". By clicking the "Do Not Accept" button, the supplier will be advising that it does not agree with the TERMS AND CONDITIONS FOR ADHERENCE TO THE BUSINESS INTERMEDIATING SYSTEM proposed by Petronect, so the system will automatically close your session and direct you to the login screen.

If the supplier re-evaluates his position and opts to accept the terms and conditions presented by Petronect, he will need to access the Portal again, to click the "Accept" button and follow the process.

Attention:

Click "OK" and then choose one of the options ("Agree" or "Disagree").

Illustrative Material

IV. Opportunities

Internal area display

Terms of Use:

To consult the new Term of Use after accepting it, the Supplier must access the "Terms" menu, available in the Petronect Portal header, then access the "Terms of Use" link.

Illustrative Material

The screenshot shows the Petronect Portal interface. The header includes the Petronect logo, a welcome message, the date (Monday, June 3, 2019), and navigation links: My Account, Trainings, Contact Us, and Terms (highlighted with a blue box and a circled '1'). Below the header is a row of folder icons for various portal sections. The main content area displays the 'TERMS' section with a document icon and a list of links: 'Term of Use' (highlighted with a blue box and a circled '2'), 'Petrobras and Petronect Roles and Responsibilities', and 'Data Privacy Policy'. A callout box points to the 'Term of Use' link with the text: 'To access the Membership Term, click on the link "Terms of Use";'. At the bottom of the page, there is a banner for 'BR PETROBRAS / Portal Petronect' and a 'TERMS OF USE' link (highlighted with a blue box and a circled '3'). A callout box points to this link with the text: 'The system will make available in a new tab the Term of Use document.'.

Click on the link available in the header, labeled "Terms";

To access the Membership Term, click on the link "Terms of Use";

The system will make available in a new tab the Term of Use document.

V. Opportunities

Internal area display

After logging in, the steps below must be followed to access the Opportunities in the internal area of Petronect Portal:

1. Go to the **Electronic Quotes** menu;
2. Select the **Opportunity Board** submenu;

Use the available filters on "Search Parameters" to conduct searches.
On the "Opportunities" tab, the system automatically displays all the active opportunities.
On the "Auctions" tab, you need to insert a search parameter in order to display the needed information.

IV. Opportunities

Internal area display

At **My Participations**, the supplier can analyze all the opportunities in which it has been registered (historical).

In **Public Opportunities** will be displayed a list with Public Opportunities that have not yet reached the "End Date" for the submission of Proposals.

In "**Public Opportunities Closed**", the supplier can search the history of all closed public opportunities.

The screenshot displays the Petrobras Electronic Quotes system interface. At the top, there is a navigation bar with icons for 'The Petronect', 'Electronic Quotes', 'Petrobras Security Information Standards', and 'Contact Us'. Below this, a secondary bar contains links: 'About Electronic Quotes', 'Opportunity Board', 'Unlock Session', and 'My Company Participation'. The main content area features an information icon and a text block explaining search filters. Below this, a row of tabs is visible: 'Prequalification (531)', 'Auctions (1)', 'Public Opportunities (0)', 'My Participations (1)', and 'Public Opportunities Closed (0)'. The 'Public Opportunities (0)' tab is currently selected. Underneath the tabs, there is a 'Hide/ show search parameters' button and a search form with various fields: 'Number' (containing '7000180649'), 'Hiring Object Description', 'Item description', 'Publishing date', 'Start date', 'End date', 'Material family', 'Process type', 'Region', 'Processed since', and 'Event Status'. 'Search' and 'Clear' buttons are located below the form. An 'Export' button is also present. At the bottom, a table displays a list of opportunities. The table has columns for 'Number', 'Desc. of the Hiring Object', 'Start Date', 'Start Time', 'End Date', 'End time', 'Response Status', and a final column with a minus sign. One row is visible with the number '7000180649' and description 'TESTE HOMOLOGAÇÃO - OS 63'.

Transaction Fee:

Warning:

Implemented in May 2019, the Transaction Fee is charged by Petrobras through the Petronect Portal and it is payable only by the winning bidder of the procurement process. The fee is intended to reimburse part of the costs incurred with Information Technology resources related to the procurement processing system used by the contracting entity.

From **07/01/2026**, new opportunities published on Petronect should no longer include provisions for charging this fee. For transition purposes, the opportunity publication date must be observed:

- Opportunities published up to **06/30/2026** remain subject to the fee, in accordance with the conditions originally established in the bidding documents.
- Opportunities published from **07/01/2026** onward will not be subject to the fee.

V. Opportunities

Internal area display

As the company enrolls in a Public Opportunity the system will verify its classification at the Integrity Risk Level (GRI). In case the company has a high GRI, at the enrollment moment, the following message will appear:

IX. FAQ

V. Proposal Submission

To carry out a Proposal Submission in a public opportunity, the following steps must be followed:

1. Access the Electronic Quotes menu and the Opportunities Board submenu;
2. In the Public Opportunities option, the user need to locate the desired opportunity and than click on the icon in the corresponding line;

The screenshot shows the 'Opportunity Board' interface. A blue box with a circled '1' highlights the 'Electronic Quotes' menu item. A text box explains: 'By clicking the link of the number, the opportunity will be exported in view mode, without generating registration'. Another blue box with a circled '2' highlights a document icon in the 'Ações' column of a table row. A text box explains: 'By clicking on the icon, the supplier's registration will be made automatically'. The table below shows two opportunities:

Número	Nome	Empresa	Data início	Hora início	Data fim	Hora fim	Status	Ações
7000162151	F.PREGAO - Teste desempate (Fabiola)	PETROBRAS PE2 - CARRINHO	28.03.2018	14:17:00	28.03.2018	14:54:00	Publicado	[Icon]
7000162149	Sir 8735 - Reteste - Hoton	PNBV PE2 220	28.03.2018	14:13:00	08.04.2018	00:00:00	Publicado	[Icon]

3. Click the **Prepare Bid** button to start filling in the fields;

The screenshot shows the 'Prepare Bid' button highlighted with a blue box and a circled '3'. The interface includes a 'Display opportunity:' section with buttons for 'Colaboration Room Report', 'Opportunity report', 'Prepare Bid', and 'Colaboration Room'. Below this, there are tabs for 'Header' and 'Items', and a 'Basic data' tab. The 'PEEx Number' is displayed as 7000162087.

Illustrative Material

V. Proposal Submission

4. After the bid has been created, the user should click on "Attributes" to fill out the self-declaration of Microenterprise or Small Business.

The screenshot displays the Petrobras system interface for a quotation. The top navigation bar includes icons for 'The Petronect', 'Registry at Petrobras', 'Electronic Quotes', 'Contracts and Orders', 'Petrobras Security Information Standards', and 'Minha Petronect'. Below this is a sub-navigation bar with 'About Electronic Quotes', 'Opportunity Board', and 'My Company Participation'. The main content area shows a 'Quotation 8000048593 created' message. A 'Click on Attributes' callout points to the 'Attributes' tab in the 'Header' section. Another callout, labeled '4', points to the 'Attributes' section, which contains a checkbox for 'I have read and agree with the terms of the document "Declaração Unificada", addendum to the requirements of the bid.:' and a radio button for '* Do you self-declare a Small Business or Small Business?:' with 'Yes' and 'No' options. A 'Comment' field is also visible on the right.

Illustrative Material

Attention: For TRANSPETRO, TAG and PBIO (Company 9000) suppliers companies, an attribute will be exhibited for "according to the publication of the Opportunity in which the provider is participating. The filling of this attribute is mandatory. If the field is not checked, the supplier will not be able to send his proposal.

V. Proposal Submission

4. In public bids, companies must fill an attribute for the opportunity, declaring whether is a Microenterprise or Small Business. In addition, fill in the "judicial recovery" attribute, informing the company's financial situation. This information is evaluated on the next stage of the Proposal Effectiveness with the other information.

The screenshot shows a web form for proposal submission. At the top, there is a 'Header' section with tabs for 'Basic Data', 'Attributes', 'Items', and 'Notes and Attachments'. The 'Attributes' tab is selected. Below the tabs, there is a section titled 'Attributes'. The first attribute is a radio button question: '* Do you self-declare a Small Business or Small Business?:' with options 'Yes' and 'No'. The second attribute is a dropdown menu labeled 'Judicial recovery:'. A blue box highlights the dropdown menu, and a blue arrow points to it from a text box that says 'Select one of the options below to justify your judicial recovery.' with a circled '4'. Another blue arrow points from a text box that says 'Click on Attributes' to the 'Attributes' tab. The dropdown menu is open, showing four options: '01: Bankruptcy Situation', '02: Judicial or extrajudicial recovery without plan', '03: Judicial or extrajudicial recovery with plan', and '04: Financially healthy situation'. To the right of the dropdown menu, there is a 'Comment' section with two text input fields.

V. Proposal Submission

- It will be mandatory the selection of one item of the given list when the option “Yes” is chosen.
- The options “Partnumber” and “Manufacturer” will be automatically filled according to the selection and blocked for editing.

The screenshot displays the Petrobras proposal submission interface. A modal dialog titled "Equal Material" is open, asking the user to confirm if the offered material is equal to the requested one. The dialog includes a detailed explanation of the "Equal Material" criteria and the consequences of selecting "Yes" or "No".

Equal Material

Materials are equal when there are "no differences" between descriptions and characteristics of the offered and requested materials, including between manufacturer and part number / offered and requested commercial reference, when this information is in the requested material description.

"In case a quoted material is considered "equal" to the requested and later identified by Petrobras that the offered material is not equal to the requested one, penalties foreseen in the current CFM may be applied (purchase order by contract termination, without impairment of further actions related to the company's subrogation suspension with Petrobras and accountability for losses and damages).

By answering "YES" the proponent assures to offer materials exactly equal to the requested, without technical deviations or any difference between descriptions, characteristics, manufacturer and part number (when needed). In this case, it cannot be affected documents or commitments referring the technical specification of the offered material. Any information of this nature that has not been requested by Petrobras will be dismissed. In case Petrobras identifies that the offered material is not equal to the requested, penalties foreseen in the item notice may be applied.

Concept

Decree 2.745/98

- The Supplier undergoes a Registration process, including the company's identification, supplement list and places of supply or service provision;
- The Supplier undergoes an evaluation process and, after its approval by Petrobras, the supplier is activated by invitation to participate in a bidding process.

Law 13.303/16

- It will be required the list of the enabling documents only for the best classified;
- When the best classified is disabled, it will be required and evaluated the documents of the next bidder in order of classification;
- The supplier will be notified about the enabling process of its proposal;
- The message will be carried out in the Opportunity Collaboration Room;
- The deadline for sending the Qualification documents will be published in a Notice.

Public Bidding Flow

Public Bidding Flow

Supplier registered in Petrobras

Enablement Parameters

The enablement parameters are the criteria used by Petrobras to assess whether the supplier is qualified to provide the goods or services of the bid.

To be qualified, the supplier must present documents proving:

- Ability to prove by means of documents presentation the enabling requirement established by Petrobras.
- Technical qualification restricted to the part of the technical or economically relevant object
- Economic and financial capacity (refers to the economic criteria of the registration stage)
- Down payment made for biddings that use the highest price offer as the judgment criteria
- The necessary documents used for the evaluation can be total or partially replaced by the CRC, according to the requirement described in the bidding notice and the documents provided in the CRC

VI. Enabling

Enabling: outstanding questionnaires

The best-ranked supplier will receive an email with guidelines to access the Collaboration Room.

In the Collaboration Room, it will be displayed the information that he/she is participating in the enabling process of the public bidding and that are still some questionnaires that need to be filled in.

In order to continue the process, the pending questionnaires in each qualification criterion must be completed so that they can be evaluated by Petrobras.

Illustrative Material

Enabling: outstanding questionnaires

The list of questionnaires that need to be completed by the supplier will appear.
Only questionnaires with the "Edit" option should be filled out.

TRADIÇÃO DE FORNECIMENTOS-EN

A tradição de fornecimentos é a comprovação efetuada documentalmente pelo fornecedor, demonstrando o reconhecimento pelo mercado quanto a sua capacitação em fornecer este bem material sistematicamente ao longo do tempo.

A comprovação de Tradição de fornecimentos não invalida a necessidade do fornecedor em atender aos demais requisitos de qualificação técnica estabelecidos para as famílias de materiais que estão sob análise, por exemplo: comprovação de Certificação ISO 9001.

Deverá ser apresentada somente a Tradição de fornecimentos referente a unidade fabril em processo de cadastramento.

Nos processos de avaliação da Tradição de fornecimentos, o detalhamento técnico das famílias de material aprovadas estará definido pelos limites das descrições técnicas constantes dos documentos comprobatórios da tradição. Caso esses documentos não contenham as informações mínimas para o detalhamento técnico, estas poderão ser prestadas mediante o preenchimento completo da lista de fornecimentos.

Serão considerados somente os fornecimentos que possuírem concordância com as famílias de material pretendidas, descrições técnicas suficientes para o detalhamento técnico e comprovação documental de material entregue.

*** (vide instruções)

- Demonstrar a tradição de seu produto no mercado, informando os principais fornecimentos do material. **Acesse: INSTRUÇÃO DE PREENCHIMENTO DA TABELA**

IX. FAQ

VII. Collaboration Room

Collaboration Room: Concept

- It is the communication channel between Petrobras and the suppliers;
- It is used for questions and clarifications;
- Any supplier who signs up for a public opportunity will have access to the Collaboration Room;
- The supplier data privacy is respected;
- Suppliers can neither communicate with other participants nor know who else is participating in the opportunity.

Transparent

Traceability

Historic

Information security

VII. Collaboration Room

Collaboration Room: Functionality

- Exchange messages are not possible;
- The supplier only sends a message to Petrobras, with no recipient distinction;
- Petrobras can send messages to all suppliers, with no distinction of the recipient.

VII. Collaboration Room

Access to collaboration room

The access to the Collaboration Room occurs inside an opportunity.
After finding the opportunity and clicking on its number (1), click on the **Collaboration Room** button on the top (2).

The screenshot displays the 'New Subject' dialog box in the Collaboration Room interface. The dialog has a title bar with a close button. Below the title bar, there are tabs: 'New Subject', 'Download Files', and 'Collaboration Room Report'. The 'New Subject' tab is active. A green checkmark icon and the text 'One or more files have been successfully attached.' are visible at the top of the dialog. The main area of the dialog is divided into two sections. The top section is labeled '* Subject' and contains a table with columns 'Type' and 'Members'. The 'Type' column has a value 'Internal' and the 'Members' column has a value 'Buyer'. A blue button is located next to the 'Buyer' value. The bottom section is labeled 'Attachments' and contains a table with columns 'File Name' and 'Size (MB)'. The 'File Name' column has a value 'Load Attachment' and the 'Size (MB)' column has a value '0.01'. A trash icon is located next to the 'Load Attachment' value. A message box with the text '2. Type the message in this space' points to a large text input area. A message box with the text '1. Check the upload success message' points to the green checkmark icon. A message box with the text '3. Select the **Buyer** by clicking on the blue button' points to the blue button. A message box with the text '4. Press OK' points to the 'OK' button at the bottom right of the dialog. A message box with the text 'You can delete the attachment by clicking on' points to the trash icon. The background of the screenshot shows the 'Room Details' section with a table containing columns 'Last Update' and 'Subject'. The 'Last Update' column has a value '15.03.2018 15:54:33' and the 'Subject' column has a value 'Inclusão de anexo na Sala de Colabor'. A red diagonal stamp with the text 'Illustrative Material' is located on the right side of the screenshot.

IX. FAQ

How can I participate in a Public Bidding?

Answer: After the changes from Law 13.303/16, public biddings in addition to being published in the Official Register (DOU), will also be available in the public and internal area of the Petronect Portal, for all interested parties. No invitations will be sent to the companies in opportunities created under the new regulation.

I would like to sign up for one of the public opportunities that I located at Portal Petronect, but I do not yet have my access. What is the e-CNPJ required in my Identification and where should I get it?

Answer: E-CNPJ is an electronic document that guarantees the authenticity and the communication in the media and the Receita Federal do Brasil (RFB) in a form of a digital certificate, functioning exactly like a digital version of the CNPJ. With this digital document it is possible to carry out queries and update the registers on the Internet. To get your e-CNPJ, contact a certifying authority and get more guidance.

For foreign companies, it is just necessary to type the tax code of the company.

Will there be a change in the proposal submission process in public opportunities?

Answer: Yes. Since no more invitations will be sent to public opportunities, the supplier must be registered in the opportunity to send proposals. To sign up you will need to locate the desired opportunity, access the opportunity and click the Create Proposal button.

How will I know what opportunities I am already enrolled in?

Answer: After logging in to the Portal, the supplier can view all the opportunities in which it has been registered (historical) through the menu "Electronic Quotes"> "Opportunity Board"> "My Participations" option.

How will be the supplier's qualification process in public opportunities?

Answer: After being declared the best ranked in a public opportunity, the supplier will be evaluated in the technical, economic-financial and legal requirements. Only after the classification of the best placed, will be required presentation of the documents to enable it.

FAQ – Frequently Asked Questions:

How can I do to pay an expired slip?

The payment may be done through Banco do Brasil bank up to 30 days after the slip due date, followed by fine and interests, according to the attachments available at the opportunity.

After the 30 days deadline, it won't be possible to get a new slip payment or reissue a new one through Banco do Brasil bank. For this, the suppliers must call to Petrobras Finances Sector by using the **0800 728 9001**.

Who can access the bank slip for payment of the transaction fee?

All the company users who have the “quote” role are going to access the slip download through the system, as long as the document has not the payment date expired.

Sou fornecedor internacional, como faço para emitir uma segunda via da invoice?

Deverá ser verificado com a Comissão/Grupo responsável pela contratação, via Sala de Colaboração da oportunidade na Petronect ou com a equipe de Finanças da Petrobras pelo SAC 0800 728 9001.
