Roles and Responsibilities – Purchasing and Contracting

The Petronect Portal is the marketplace used by Petrobras to make its purchases and contracts

- Elaborate the public announcement of bidding and hiring specification;
- Choose the bidding modality: Ex: Public Bidding (per item, group or total);
- Answer market questions about the contract process;
- Evaluate and communicate the best-classified bidding;
 - Register or remove companies from the Petrobras Suppliers Registry

- Keep the portal available;
- Provide help about the use of Petronect portal;
- Register suppliers in the portal according to Petrobras' request;
- Give training about the use of the Petronect portal to Petrobras group users and suppliers.

Overview – Purchasing and Contracting

II. Concepts and Relevant Information

Security Information - Petronect

- Petronect applications work with Petrobras servers, which are protected by **Firewall with access control** and modern information security technology;
- The communication with the Portal is made by Hyper Text Transfer Protocol Secure (**HTTPS**).

II. Concepts and Relevant Information

Portal Upgrade

Besides the updates to adjust to 13.303/16 law and RLCP, Petronect also has some other updates in its Portal

- ✓ More **steady** Portal;
- ✓ More visually **modern**;
- ✓ Standard browser: Google Chrome and similars;
- ✓ Better **usability** applications;

IX. FAQ

III. Enrollment

The Registration of Suppliers of Goods and Services of Petrobras is the database that gathers all the service providers and suppliers information with the aim to have a previous evaluation of the companies.

The registration process is organized by 'families suppliers', regarding the features of the property or service to be provided.

The Certificate of Registration Query can be used to evaluate previously the registered companies to future public bidding. Therefore, the necessary documents used for the evaluation can be rather totally or partially replaced by the CRC, according to the requirement described in the bidding notice and the documents provided in the CRC.

Furthermore, companies registered as 'family suppliers' in our Portal can receive notifications about the availability of published new bidding terms.

The registered information will have validation of one year and can be updated anytime.

III. Enrollment

Supply List

- The supply list and the evaluation requirements are available at “Registry at Petrobras” > “Supply List”

Supplier Registration Criteria

The parameter evaluated by Petrobras at the Enabling step can correspond to certain criteria used in the approval of the supplier registry, such as:

- **Legal Criteria:** Petrobras will monitor the regularity of the companies in the fulfilment of their obligations to the market, government agencies and society. Besides the documentation analysis, instruments that allow information gathering about certifications and documents issued by taxes entities will be used, allowing frequent update of following tax compliance indicators.
- **Technical Criteria:** The company's technical capacity of producing goods and/or service delivery will be analysed, evaluating the necessary resources to a good performance of the goods to be provided and/or service to be executed.
- **Technical Criteria SMS:** It will be verified the implementation degree of Environmental Management Systems and Occupational Health and Safety according to rules ISO 14001 e OHSAS 18001.

III. Enrollment

Supplier Registration Criteria

- **Accreditation Criteria:** It will be verified if the reseller/distributor is authorized to market products of a particular registered manufacturer. Furthermore, these criteria ensure the performance of inspections required by Petrobras and evaluate how that is provided by the company to help them occurring.
- **Economic Criteria:** Through a set of requirements and indicators, evidence of the company 's economic strength will be sought to ensure that it can continue and complete the good or service provision to Petrobras.

The fulfilment of the qualification requirements can be verified through the Registration. Therefore, the enabling requirements for hiring are preferably the same as those used for registration in a good or service 'family'. When the requirements used for the registration of the family and the result of the enabling process are the same, the result of the enabling process will be used to update the information of the company in the Supplier Registration.

III. Enrollment

Supplier Registration Criteria

Aiming to suit the supplier registration at Petrobras with the 13.303/16 law, the Commercial Registry and Classification Certificate (CRCC - stands for Commercial Registry and Classification Certificate) and the Declaration of Simplified Registry (DRS - stands for Declaration of Simplified Registry) will not be issued anymore. Both certifications no longer exist and were replaced by one single document: the **Certificate of Registration Query (CRC)**, which will have a differentiated purpose and application in the company.

The CRC will present both the family by which the company got the approval and also the partial results achieved by the supplier. Thus, **it will be presented at the certification the criteria applicable to the family of interest where he got approval.**

The **CRC will be Total or Partial**, which means that when the supplier **meets all the criteria required of the family** of interest the CRC issued will be **Total** and when the supplier **meets at least one of the criteria required**, the CRC issued will be **Partial**.

IX. FAQ

IV. Opportunities

Context

To adapt to 13.303 law and RLCP, the Petronect Portal has been modified so that all public opportunities are available to any interested party

The public opportunities will be displayed on the Portal both on public area and internal area

In the public area (no login is needed) of Petronect Portal:

- Only public opportunities can be followed;
- Only opportunities disclosed in the Official Register (DOU) will be available;
- Opportunities started during the validity of the old 2745/98 law decree will not be available;

In the internal area (with login access) of Petronect Portal:

- All opportunities already published during the old 2745/98 law decree may be followed according to the current process;
- The user will be able to see the opportunities that one has signed up for and the currently available public opportunities.

IV. Opportunities

Public area display

In accordance with the Law 13.303/16 and RLCP, all public opportunities will be displayed in the public area of Petronect Portal, enabling interested companies which meet the bidding rules participate. The following steps should be followed to find the public opportunities in the Petronect Portal:

1. Access the menu **Purchasing and Contracting**
2. Select the option **Public Bidding**
3. It is possible to see the bidding that is during the proposal period (**Open For Proposals**), those that are during the evaluation period (**In analysis of proposals**) and those that are already **Completed**.

Illustrative Material

Public area display

To find public opportunities, the user has two search options: **"Advanced Search (1)"** and **"Structured Search by Supply (2)"**.

The screenshot displays the 'PUBLIC BIDDING OPEN FOR PROPOSALS' section of the Petronect website. It features a green wavy line and a text box explaining the search fields. Below this, two search options are highlighted with red circles and numbered 1 and 2: 'ADVANCED SEARCH' and 'STRUCTURED SEARCH BY SUPPLY'. The bottom section, titled 'PUBLIC BIDDINGS', contains a search bar with a magnifying glass and a close button, and two dropdown menus for 'Coverage' and 'Delivery place'.

**PUBLIC BIDDING
OPEN FOR PROPOSALS**

Use the "SEARCH FOR" field to search for opportunities based on keywords, which can be: Hiring Object, Item Description, Family Description, Opportunity Number, Sub Status, Company, Date, Material Number, and Code of the family.

TERMS

PETROBRAS / Portal Petronect

Prezado Cliente,

Solicitamos atenção às seguintes observações:

- o Não aceitar o termo de adesão implica em não acessar o conteúdo do Portal Petronect;
- o A manutenção dos dados de usuário são de responsabilidade da empresa. Mantenha-os atualizados a fim de evitar problemas de participação nos processos via Petronect;
- o Condição de treinos disponibilizados pela Petronect no menu A Petronect > Treinamentos após seu login;
- o Ao realizar upload de arquivos, prefira formatos leves (ex: ".pdf"), preferencialmente compactados (Ex: ".zip") e com menos de 5 MB;

TERMOS E CONDIÇÕES CONTRATUAIS PARA ADEÇÃO AO SISTEMA DE INTERMEDIÇÃO DE NEGÓCIOS - PROCUREMENT NEGÓCIOS ELETRÔNICOS S.A.

1. CONDIÇÕES GERAIS DE USO E SUA ACEITAÇÃO

1.1. Este Contrato de Prestação de Serviços (doravante denominado "Contrato") regulará o uso dos serviços do Portal de compras eletrônicas via INTERNET www.petronect.com.br (doravante denominado genericamente "Portal") que a Procurament Negócios Eletrônicos S.A. (doravante denominada "Petronect"), pessoa jurídica de direito privado inscrita no CNPJ sob o nº 05.370.858/0001-61, com sede social na Rua da Assembleia, 10 - 9º andar sala 901 - Centro - Rio de Janeiro - RJ CEP: 20011-901 - Brasil, presta aos usuários que utilizarem o referido Portal para compras eletrônicas e demais serviços, com o fim específico de atender às aquisições da Petrobras - Petróleo Brasileiro S.A., por prazo indeterminado, a partir da data da assinatura do contrato, até sua extinção, conforme cláusula 10.

1.2. A aceitação das condições deste contrato configura a condição legal de usuário do Portal (doravante denominado "usuário") e expressa a sua adesão a todos os itens deste contrato, na versão em que estiver publicada no próprio endereço eletrônico, no qual há um dispositivo (doravante denominado "link") específico para acesso a este documento e todos os seus termos. A caracterização deste acordo se dá através do aceite realizado através do Portal pelo usuário da empresa fornecedora que foi registrado com privilégio de administração (doravante denominado "usuário administrador"). Deste modo, o usuário, ao conectar-se ao Portal declara de antemão - e irrevogavelmente - que leu, entendeu, e, principalmente, que aceita todos os termos deste documento.

1.3. O Portal tem duas áreas de acesso aos seus atos: uma pública, disponível a qualquer pessoa mediante o simples acesso via INTERNET, onde se encontram dados e informações genéricas sobre breves de interesse para a indústria de energia; e outra reservada, provido acesso a serviços e conteúdos do Portal, cuja utilização fica submetida a condições particulares próprias, indicadas em cláusula específica (doravante designadas como "Condições Particulares de Acesso e Utilização do Portal" descritas no item 2 deste contrato). O usuário, portanto, deverá ler as respectivas Condições Particulares de Acesso e Utilização do Portal anteriormente ao seu primeiro acesso ou utilização desses serviços e conteúdos.

Terms of Use:

When you log in to the Portal, the Supplier will display the new "Term of Use" and must make the Acceptance;
A textual amendment was made in the "Term of Use", making it mandatory to re-read and accept the CONTRACTUAL TERMS AND CONDITIONS FOR ADHERENCE TO THE SYSTEM OF BUSINESS INTERMEDIATION proposed by Petronect to all users;

BR PETROBRAS / Portal Petronect

TERMS OF USE

Dear Client,

We request your attention to the following recommendations:

- Disagreeing the term implies in not having access to the Petronect Portal content;
- The maintenance of the users data are responsibility of the company. Keep your information updated avoiding eventual problems on Petronect processes;
- Access the Petronect trainings options on "The Petronect" > "Trainings" menu;
- When uploading files, choose compact formats as ".pdf" or ".zip" and less than 5 Mb;

CONTRACT TERMS AND CONDITIONS

DEFINITIONS

- Acceptance – Statement by the User that the supplying company has read, understood, and accepted all terms of this document.
- Access Area – There are two Access Areas: the "External" or "Public", available to any person via ordinary internet access, where general data and information on subject you have interest in; and the "Internal," providing those who have username and password with Portal services and content access, which use shall observe the Specific Conditions for Accessing and Using the Portal, on a case by case basis.
- Subscriber – User registered in the portal who has duly paid the Access Fee.
- Password – User or Subscriber password to browse the Access Areas.
- Contract – Means the Contract executed between the User or Subscriber and Petronect for accessing the Portal, in accordance with the terms and conditions defined herein.
- Contents – Information made available on the Portal in the Access Areas thereof.
- Bidding Entity – Entity carrying out the bidding procedure.
- Username – Name of the User used for accessing the Access Areas.
- Public Biddings – Means the modalities of public bidding procedures that are posted in the External or Public Area of PETRONECT Portal.
- Opportunities – Means the hiring of different modalities that may be public (bidding procedures) or non-public.

Terms of Use:

To consult the new Term of Use after accepting it, the Supplier must access the "Terms" menu, available in the Petronect Portal header, then access the "Terms of Use" link.

Illustrative Material

The screenshot shows the Petronect Portal interface. The header contains a navigation bar with various menu items. A callout labeled '1' points to the 'Terms' link in the header. Below the header, the 'TERMS' section is visible, with a callout labeled '2' pointing to the 'Term of Use' link. At the bottom of the page, a callout labeled '3' points to the 'TERMS OF USE' link in the footer. The main content area displays a 'Dear Client,' message and a list of recommendations.

Click on the link available in the header, labeled "Terms";

To access the Membership Term, click on the link "Terms of Use";

The system will make available in a new tab the Term of Use document.

V. Opportunities

Internal area display

After logging in, the steps below must be followed to access the Opportunities in the internal area of Petronect Portal:

1. Go to the **Electronic Quotes** menu;
2. Select the **Opportunity Board** submenu;

Use the available filters on "Search Parameters" to conduct searches.
On the "Opportunities" tab, the system automatically displays all the active opportunities.
On the "Auctions" tab, you need to insert a search parameter in order to display the needed information.

. Opportunities

Internal area display

At **My Participations**, the supplier can analyze all the opportunities in which it has been registered (historical).

In **Public Opportunities** will be displayed a list with Public Opportunities that have not yet reached the "End Date" for the submission of Proposals.

In **"Public Opportunities Closed"**, the supplier can search the history of all closed public opportunities.

The screenshot displays the Petrobrás Opportunities Board interface. At the top, there are navigation tabs: "The Petronect", "Electronic Quotes", "Petrobras Security Information Standards", and "Contact Us". Below these, a sub-navigation bar includes "About Electronic Quotes", "Opportunity Board", "Unlock Session", and "My Company Participation".

An information box states: "Use the available filters on 'Search Parameters' to conduct searches. On the 'Opportunities' tab, the system automatically displays all the active opportunities. On the 'Auctions' tab, you need to insert a search parameter in order to display the needed information."

Below the information box, there are tabs for different opportunity types: "Prequalification (531)", "Auctions (1)", "Public Opportunities (0)", "My Participations (1)", and "Public Opportunities Closed (0)". The "Public Opportunities (0)" tab is currently selected.

The "Search Parameters" section includes the following fields:

- Number: 7000180649
- Hiring Object Description: (empty)
- Item description: (empty)

IV. Opportunities

Internal area display

Access Fee

In July 2018, the Access Fee was implemented, to which the Supplier interested in participating in a Public Opportunity process should become a Marketplace Partner Member.

This fee is charged annually for each Subscriber's CNPJ for participation in the Public Opportunities served on the Portal.

This charge will be exclusive for participation in Public Opportunities. Other processes such as waiver (amounts below R \$ 50,000), access will remain free, not requiring payment of the access fee.

Transaction Fee

In May 2019, the Transaction Fee was implemented. This fee will be charged by Petronect and due only by the winner of the contest.

It is intended to reimburse part of the costs incurred with information technology resources in relation to the processing of the bidding used by the Bidding Entity that adopted this model.

In this first moment the Transaction Fee will not be adopted by all the Bidding Entities that use our Portal. The rules and conditions of this collection will be established previously in the respective Notice.

IV. Opportunities

IV. Opportunities

Warning:

From 01/22/2021, the transaction fee billing process changed to **Petrobras Finance Management**, which **it is no longer possible to reprint the slips through the Petronect system**. Thus, we recommend that any questions related to slip amount, invoices, due date or reissue the slip desire are checked out to the buyer at the “**Collaboration Room**”. In case of the contact to the buyer through the “Collaboration Room” is unavailable, the suppliers must call to Petrobras Finances Sector by using the **0800 728 9001**.

To get a new slip or in case of printing a “PDF” document, suppliers must do it on Banco do Brasil website at Billing Slip Update section, which is available on: <https://www63.bb.com.br/portalbb/boleto/boletos/hc21e,802,3322,10343.bbx>.

Questions

The supplier may also have access to a document with frequently asked questions and answers about this change process, through the Petronect Portal> "Purchases and Contracts"> "Pricing Model"

Pricing Model

The companies that use the Petronect Portal for the purchasing processes and aligned with the practices of Marketplaces, have adopted a Pricing Model. This model can be composed of two distinct fees.

To better understand the Pricing Model, check the information about this model:
Access Fee (Supplier Partner)

Access Fee (Supplier Partner):

In July 2018, the Access Fee was implemented, which the supplier intended in participating in a Public Opportunity process must become a Marketplace Partner. This fee is charged annually for each Supplier's Tax Number for participation in the Public Opportunities served on the Portal.

To know more about the Access Fee, see the information below:

IMPORTANT:

[Click here](#) and access the support material with more details of the Pricing Model or access the "Help" menu, "Training" submenus and in the short guides the "My signature" option.

[Access here](#) a document with some frequent asked questions.

Transaction Fee:

In May 2019, the Transaction Fee was implemented. This fee will be charged by Petronect and due only by the winner of the contract. It is intended to reimburse part of the costs incurred with information technology resources in relation to the processing of the bidding used by the Bidding Entity that has adopted this model.

Attention:

- In this first moment the Transaction Fee will not be adopted by all Bidding Entities that use our Portal.
- The rules and conditions of this changing will be established previously in the respective Notices.

To know more about the Transaction Fee, see the information below:

[Click here](#) and access the support material with more details of the Pricing Model or access the "Help" menu, "Training" submenus and in the short guides the "My signature" option.

[Access here](#) a document with some frequent asked questions.

Benefits for All:

By aligning with marketplace Marketplace practices, the bidding entity extends its offer of opportunities offered through the Petronect Purchasing Portal, providing more business opportunities to its Suppliers.

Bidding Entity

Adequacy of use of your marketplace according to market practice

Petronect

Ability to maintain your relationship between suppliers and buyers amid so many changes

Suppliers

More business opportunities with a service suited to your volumes and needs

We are gradually adapting ourselves and adopting a Business Model that will be beneficial to all.

The Pricing Model is an important milestone of market adaptation for the Bidding Entity that uses the Portal and Petronect, providing new opportunities and business for its Suppliers.

We invite you to join this partnership too!

Illustrative Material

V. Opportunities

Internal area display

As the company enrolls in a Public Opportunity the system will verify its classification at the Integrity Risk Level (GRI). In case the company has a high GRI, at the enrollment moment, the following message will appear:

Visualizing the Opportunity Header – Microenterprise and small business

In public biddings, the companies must fill in a new opportunity attribute, where it must be informed if the company is a Microenterprise or Small Business.

This information will be analyzed during the stage of Proposals Effectivity, together with other information presented by the company in its proposal.

. Opportunities

Internal area display

Opportunity Header – Attributes

In public bids, companies must fill an attribute for the opportunity, declaring whether is a Microenterprise or Small Business. This information is evaluated next stage of the Proposal Effectiveness with another information.

The screenshot shows a web form titled "Header" with three tabs: "Basic Data", "Attributes" (which is selected and highlighted with a blue border), and "Notes and Attachments". Below the tabs, there is a section labeled "Attributes" on the left and "Comment" on the right. The "Attributes" section contains two rows of input fields. The first row has a text label "I have read and agree with the terms of the document 'Declaração Unificada', addendum to the requirements of the bid.:" followed by a checkbox. The second row has a text label "* Do you self-declare a Small Business or Small Business?:" followed by two radio buttons labeled "Yes" and "No". The "Comment" section has two empty text input fields.

Attention: For TRANSPETRO, TAG and PBIO (Company 9000) suppliers companies an attribute will be exhibited for “according to the publication of the Opportunity in which the provider is participating. The filling of this attribute is mandatory. If the field is not checked, the supplier will not be able to send his proposal.

IX. FAQ

VII. Collaboration Room

Collaboration Room: Concept

- It is the communication channel between Petrobras and the suppliers;
- It is used for questions and clarifications;
- Any supplier who signs up for a public opportunity will have access to the Collaboration Room;
- The supplier data privacy is respected;
- Suppliers can neither communicate with other participants nor know who else is participating in the opportunity.

Transparent

Traceability

Historic

Information security

VII. Collaboration Room

Collaboration Room: Functionality

- Exchange messages are not possible;
- The supplier only sends a message to Petrobras, with no recipient distinction;
- Petrobras can send messages to all suppliers, with no distinction of the recipient.

VII. Collaboration Room

Collaboration Room: Functionallity

- 3. You can use the **Search Criteria** to filter messages in the Collaboration Room. This feature will make it easier to find information when an opportunity has many messages exchanged in your history;
- 4. The messages are grouped in Subjects and the last update date can be checked (date when it was last sent a message of that subject), as well as the creator of the subject and the number of attachments;
- 5. To open the messages, click on title **Subject**;

Sending messages and attaching files

When choosing "**Questioning**", then you must select one of the options below:

Request for Clarification

The screenshot shows the 'New Subject' dialog box with the following details:

- Subject Selection:** Three radio buttons are present: 'Free subject', 'Predefined Subject', and 'Questioning' (which is selected). Below them is a dropdown menu for the subject, currently showing 'Request for Clarification'.
- Attachments:** A section labeled 'Attachments' contains a 'Load Attachment' button and a table with columns 'File Name' and 'Size (MB)'. The table currently shows 'No linked attachments'.
- Recipients Table:** A table on the right side of the dialog, titled '* Recipient(s)', has columns 'Type', 'Members', and 'St...'. It contains one row: 'Internal' | 'COMP_LEI_20 - Buyer'.
- Buttons:** At the bottom right, there are 'OK' and 'Cancel' buttons.

Sending messages and attaching files

To send messages starting with an existing subject:

1. Use the Search Criteria to find the existing subjects and click on the title link of the Subject;
2. On the next screen, click on the **New Message** button;
3. Repeat the previous method steps by filling in the fields to send the message.

The screenshot displays the Petronect Collaboration Room interface. At the top, it shows the room details: "Collaboration Room | Opportunity Number: 7000163039 | Opportunity Title: testeFreitas - OS579.Sala de Colaboração". Below this, there are three tabs: "New Subject", "Download Files", and "Collaboration Room Report".

The main content area is divided into two sections. On the left, under "Room Details", there is a "Rooms Status" section with a button labeled "Opened". Below this is a "Subject" table with columns "Last Update" and "Subject". The table contains one row with the date "13.04.2018 14:48:24" and the subject "Teste 02". A blue box with the number "1" highlights the "Teste 02" link.

On the right, under "Search Criteria", there is a "Message History" table with columns "Date", "Time", and "Subject". It contains two rows of data. A blue box with the number "2" highlights the "New Message" button located above the table.

Below the "Message History" table, there is a "New Message" form. A blue box with the number "3" highlights the "Message" text area. To the right of the text area is a table for "Recipient(s)" with columns "Type", "Members", and "Status". It contains one row with "Internal" and "Buyer". Below the text area is an "Attachments" section with a "Load Attachment" button and a "File Name" field. At the bottom of the form are "Send" and "Cancel" buttons.

Sending messages and attaching files

Attaching files

Attachments can only be deleted before the message is sent. Messages and attachments cannot be deleted after they were sent.

The screenshot shows the 'New Subject' dialog box in the Collaboration Room interface. The dialog has a 'Subject' field, a 'Type' dropdown menu (set to 'Internal'), and a 'Members' list (showing 'Buyer'). A success message at the top states: 'One or more files have been successfully attached'. Below the dialog, an 'Attachments' table is visible with columns 'File Name' and 'Size (MB)'. A file named '0.01' is listed. A blue button is next to the file name. A trash icon is next to the file size. The 'OK' and 'Cancel' buttons are at the bottom right of the dialog.

2. Type the message in this space

1. Check the upload success message

3. Select the **Buyer** by clicking on the blue button

4. Press **OK**

You can delete the attachment by clicking on

The screenshot shows the 'New Message' interface in the Petronect system. It includes a large text area for the message, a table for selecting recipients, an attachments section, and a 'Send' button. Four numbered instructions are overlaid on the interface:

1. Type the message in this space
2. Select the **Buyer** by clicking on the blue button
3. Insert attachments if necessary
4. Press **Send**

The interface details include:

- Buttons: < Return, New Message
- Section: New Message
- Text area: * Message
- Table:

Type	Members	St...
Internal	Buyer	
- Section: Attachments
- Buttons: Load Attachment
- Form: File Name, Size (MB)
- Status: No linked attachments
- Buttons: Send, Cancel

Illustrative Material

Note: You can send messages without an attachment, but the system does not allow you to send attachments without a message.

IX. FAQ

IX. FAQ

How can I participate in a Public Bidding?

Answer: After the changes from Law 13.303/16, public biddings in addition to being published in the Official Register (DOU), will also be available in the public and internal area of the Petronect Portal, for all interested parties. No invitations will be sent to the companies in opportunities created under the new regulation.

I would like to sign up for one of the public opportunities that I located at Portal Petronect, but I do not yet have my access. What is the e-CNPJ required in my Identification and where should I get it?

Answer: E-CNPJ is an electronic document that guarantees the authenticity and the communication in the media and the Receita Federal do Brasil (RFB) in a form of a digital certificate, functioning exactly like a digital version of the CNPJ. With this digital document it is possible to carry out queries and update the registers on the Internet. To get your e-CNPJ, contact a certifying authority and get more guidance.

For foreign companies, it is just necessary to type the tax code of the company.

IX. FAQ

Will there be a change in the proposal submission process in public opportunities?

Answer: Yes. Since no more invitations will be sent to public opportunities, the supplier must be registered in the opportunity to send proposals. To sign up you will need to locate the desired opportunity, access the opportunity and click the Create Proposal button.

How will I know what opportunities I am already enrolled in?

Answer: After logging in to the Portal, the supplier can view all the opportunities in which it has been registered (historical) through the menu "Electronic Quotes"> "Opportunity Board"> "My Participations" option.

How will be the supplier's qualification process in public opportunities?

Answer: After being declared the best ranked in a public opportunity, the supplier will be evaluated in the technical, economic-financial and legal requirements. Only after the classification of the best placed, will be required presentation of the documents to enable it.

FAQ – Frequently Asked Questions:

How can I do to pay an expired slip?

The payment may be done through Banco do Brasil bank up to 30 days after the slip due date, followed by fine and interests, according to the attachments available at the opportunity.

After the 30 days deadline, it won't be possible to get a new slip payment or reissue a new one through Banco do Brasil bank. For this, the suppliers must call to Petrobras Finances Sector by using the **0800 728 9001**.

Who can access the bank slip for payment of the transaction fee?

All the company users who have the "quote" role are going to access the slip download through the system, as long as the document has not the payment date expired.

Sou fornecedor internacional, como faço para emitir uma segunda via da invoice?

Deverá ser verificado com a Comissão/Grupo responsável pela contratação, via Sala de Colaboração da oportunidade na Petronect ou com a equipe de Finanças da Petrobras pelo SAC 0800 728 9001.
