## Introduction to auction

### What is an auction?

---

Auction is a purchasing and selling mode of sales or contracting services in which it is established the lowest price and the companies do the dispute on bids over or under of the initial price depending of the mode.

The company that gives the best bid by the ending will be defined as the winner of the process.

### Auction Types

---

- ODDM (Opened Direct Dispute Mode)\*
- Direct Auction\*
- Reverse Auction\*
- Biofuel Auction\*

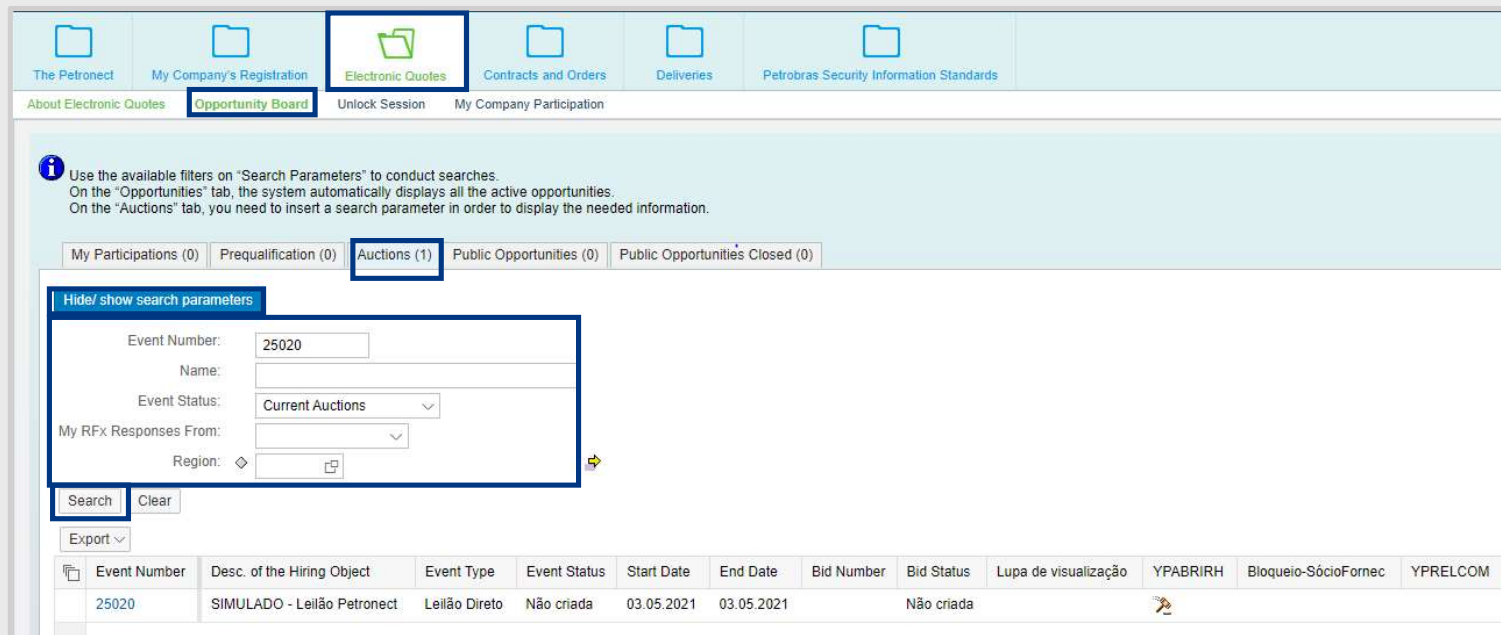

\*To get informations about each type, acess the “Types” menu.

## Introduction to Auction

### Where to find:

1. After logging into the system using your user and password, access the **“Electronic Quotes”** menu, submenu **“Opportunities Board”**;
2. Click on **“Auctions”** tab;
3. Use the **“Search”** option to get your search easier by filling in one of the desired options and click on **“Search”**:

Use the available filters on "Search Parameters" to conduct searches.  
On the "Opportunities" tab, the system automatically displays all the active opportunities.  
On the "Auctions" tab, you need to insert a search parameter in order to display the needed information.
