It is authorized and qualified to do business in all jurisdictions in which the nature of the business conducted by it makes such qualification necessary and where failure to so qualify would have a material adverse effect on its financial condition, operations, prospects, taxes or business.

5.2 No Violation of Law; Litigation. It is not in violation of any Applicable Law or judgment entered by any Governmental Authority, which violation(s), individually or taken together, would affect its performance of any obligations under this Agreement. 6.1 Taxes of any kind that are due as a direct result of this Agreement or its execution are the exclusive responsibility of the taxpayer identified as liable for such tax under Applicable Law, and shall not give rise to any right of reimbursement from any other party except as expressly provided for in this Agreement.

6.1.1 Taxes derived from the performance of the Works by the CONTRACTOR and whose economic burden corresponds to the CONTRACTOR (including, without limitation,, Corporate Income Tax (Imposto de Renda sobre Pessoa Jurídica, IPRJ), Social Contribution on Net Profits (Contribuição Social sobre o Lucro Líquido, CSLL), Tax on Operations of Credit, Exchange and Insurance (Imposto sobre Operações Financeiras, IOF), and payroll social security contributions) shall in no event be transferred to Buyer under this Agreement.

6.1.2 CONTRACTOR represents and acknowledges that it has considered, in connection with the submission of its proposal, all taxes applicable to the performance of the Works, and no claim grounded on error in this evaluation shall be admissible for the purposes of requesting a

revision to the applicable Unit Rates or Maximum Price, or for reimbursement for payments ordered by any Governmental Authority.

6.1.3 CONTRACTOR agrees to reduce the Unit Rates or Maximum Price, as applicable, due to improper inclusion of amounts corresponding to taxes of any kind, failure to take advantage of tax benefits, failure to perform deductions or to use credits allowed by law, with the consequent restitution or compensation to BUYER of amounts eventually paid to the CONTRACTOR, updated exclusively at the Secure Overnight Financing Rate (SOFR), published by the Chicago Mercantile Exchange with a 0,42826% spread, considering the period between the date of payment made to the CONTRACTOR and the date prior to the date of restitution or compensation referred to in this Section herein.

6.1.3.1 In the event the Secure Overnight Financing Rate (SOFR), published by the Chicago Mercantile Exchange is discontinued, BUYER shall designate a substitute reference rate it believes in good faith to be substantially equivalent, and a notice to that effect shall be issued by BUYER.

6.2. BUYER, when withholding taxes at source, shall deduct and collect from any payments it makes, within the periods defined by Applicable Law, all those taxes which it is obliged to collect as a retention agent under current legislation, and set forth in Section 6.3.

6.2.1 CONTRACTOR, with no requirement for notification or prior warning, shall supply in advance all documents required in connection with the withholding of taxes at source to be performed by BUYER.

6.2.2 The bar on any increase in the calculation basis set forth in Section 6.2 shall prevail even if the laws of the jurisdiction to which CONTRACTOR is subject to do not allow for the compensation of taxes withheld at source.

6.2.3 BUYER shall furnish CONTRACTOR with all the necessary documentation required to enable compensation to be paid to CONTRACTOR, under the laws of the jurisdiction to which CONTRACTOR is subject, for any taxes withheld and paid to Brazilian tax authorities for the account of CONTRACTOR.

6.3 In the event that, after CONTRACTOR presents its proposal, there were to supervene the creation of new taxes, the modification of applicable rates and/or the modification to the basis of calculation of existing taxes, the extinction of existing taxes, the inception of tax breaks of any kind and/or exemption from or reduction of taxes that either directly or indirectly are proven to increase or reduce the tax burden of CONTRACTOR, the Unit Rates and Maximum Price, as applicable, shall be revised in proportion to whatever demonstrable increase or reduction occurred, and the difference resulting from said modifications shall be compensated at the earliest possible opportunity.

6.3.1 The revision set forth in Section 6.3, to increase the Unit Rates and Maximum Price, as applicable, shall only apply if the increase in tax burden does not result either from decisions taken by CONTRACTOR, such as a change of service provider facility, or enrollment in simplified tax system, among others, or from mere economic circumstance, such as the inclusion in a higher tax bracket which already existed at the time of proposal submission on account of an increase in CONTRACTOR’s income.

6.3.2 CONTRACTOR shall supply all documents required to prevent BUYER from incurring tax burdens resulting from the joint and several tax liability of BUYER pursuant to applicable law, including those related to the activities of Subcontractors, with no requirement for notification or prior notice, under penalty of bearing compensation at the first opportunity of the value of taxes in connection to which the joint and several liability set forth by law applies.

6.4 The Unit Rates and Maximum Price, as applicable, shall be immediately adjusted, in order to deduct the value of any undue tax, in the event that any tax taken into consideration in the calculation of such values is no longer fully or partially due, as a result of: (i) a declaratory act by the Attorney General of the National Treasury, approved by the Minister of State of the Treasury, authorizing the non-initiation of appeal or waiver of appeal filed by the Union; (ii) binding precedent; (iii) final ruling by the Supreme Federal Court, through Direct Action of Unconstitutionality (ADI) or Declaratory Action of Constitutionality (ADC); (iv) suspension of an applicable norm by the Federal Senate, or (v) inclusion of a particular activity in a tax incentive regime.

6.5.1 In the event that, at any time during the performance, or after termination, of the Agreement, tax authorities were to determine that any of the register information provided by CONTRACTOR was insufficient and/or irregular, CONTRACTOR shall be responsible for compensating any losses caused to BUYER in connection therewith, including due to the imposition of administrative penalties, and shall promptly reimburse BUYER for any amounts paid by BUYER or held in an escrow account pursuant to administrative, judicial or arbitration proceedings..

6.6 CONTRACTOR hereby represents and warrants that it possesses the operational capacity to achieve its corporate purposes, in addition to being the effective beneficiary of the income earned by virtue of this Agreement.

6.6.1 For the purposes of compliance with Brazilian law the CONTRACTOR agrees to submit, whenever there supervenes a change in its legal status or material situation that could affect its operational capacity to achieve its corporate purposes, and/or upon request by PETROBRAS, an updated operational capacity statement and all necessary supporting documents proving its operational capacity, and the fact that CONTRACTOR is the Effective Beneficiary of the income earned, with such obligation to survive for a period of 6 years after the Contract has reached its full term, or has been terminated pursuant to the provisions herein.

6.6.1.1 The operational capacity referred to herein is to be evidenced by, among other factors, facilities and human resources such as would reasonably be considered to allow the achievement of the Scope of Work.

6.6.1.2 For the purposes of Section 6.6, “Effective Beneficiary” shall mean a natural person or legal entity not incorporated for the sole or primary purpose of achieving tax savings, and which earns income on its own behalf and not as an agent, trustee or authorized representative on behalf of a third party.

6.6.2 In the event that, at any point during the performance of this Agreement, or after it has reached its full term or has been terminated pursuant to provisions herein, tax authorities were to challenge the operational capacity of CONTRACTOR, and/or dispute its status as the Effective Beneficiary of income paid pursuant to this Agreement, CONTRACTOR shall be responsible for compensating any losses caused to BUYER in connection therewith, including due to the imposition of administrative penalties, and shall promptly reimburse BUYER for any amounts paid by Buyer or held in an escrow account pursuant to administrative, judicial or arbitration proceedings.

6.7 CONTRACTOR undertakes to issue billing documents in accordance and compliance with Applicable Law, including applicable Brazilian tax laws and the provisions of this Agreement.

6.7.1 1 If, during or after the performance of this Agreement, either the tax authorities or BUYER were to find that CONTRACTOR presented a tax document that contravened either applicable tax legislation in force and/or this Agreement, CONTRACTOR shall be required to present a substitute document that is compliant with that legislation and/or the provisions of this Agreement, and take whatever steps and administrative actions are required by the Treasury to cancel the rejected document, under the terms of the relevant legislation; any failure by Contractor to do so shall attract the applicable contractual sanctions.

6.7.2 In the event of a tax assessment being raised against BUYER by the competent authorities, due to non-compliance at any time by CONTRACTOR with the obligation set forth in Section 6.7, CONTRACTOR shall be responsible for any losses caused to BUYER in connection therewith, and shall promptly reimburse BUYER for any amounts paid by Buyer or held in an escrow account pursuant to administrative, judicial or arbitration proceedings, plus any costs incurred by BUYER in connection with its defense in any such administrative, judicial or arbitration proceedings, including any proceedings instituted pursuant to Section 3.4.4.

6.7.3 CONTRACTOR assumes full responsibility for any liens that may be imposed upon BUYER by virtue of a tax document that it issues in contravention of Applicable Law.

ARTICLE 7 – UNIT RATES AND MAXIMUM PRICE

7.1 As full and complete compensation for CONTRACTOR´s performance of the Works and all of CONTRACTOR´s obligations hereunder in accordance with the terms and conditions of this Agreement, BUYER shall pay to CONTRACTOR hereunder the relevant hourly and daily rates specified in Exhibit II to this Agreement and calculated in accordance therewith (each, as the context may require, the “**Unit Rates**”); provided always that BUYER shall have no obligation to pay to CONTRACTOR any compensation in respect of CONTRACTOR’s performance of the Works and its obligations hereunder which exceeds the aggregate amount of US$ [contractual price] (such maximum amount hereinafter referred to as the “**Maximum Price**”).

CONTRACTOR's failure to provide satisfactory evidence of the services provided, including the presentation of documents containing materially incorrect or incomplete information or which have not been signed by BUYER's Contract Manager(s), shall result in the rejection of CONTRACTOR's Invoice for such services.

8.1.3 BUYER shall analyze the documentation provided by CONTRACTOR and may request further information or evidence at its sole discretion. BUYER will issue the BUYER

Measurement Report no later than the 5th Day of month immediately following the month when the services were performed, and to which the Invoice pertains.

8.2.3 In the event that CONTRACTOR provides its Invoice later than the 10th Day of the month, then the due date for payment of the Invoice shall be postponed by as many Days as the number of Days of delay in the delivery of an acceptable Invoice, according to the provisions set forth in Section 8.2.2.

8.2.4. The performance of the Works will be measured taking into account the applicable Unit Rates for services set forth in Exhibit II and the Region Adjustment Factor (CF) defined in Exhibit II-B.

8.2.4.1 The number of daily/hourly quantities, duly approved by BUYER's Project Manager(s), shall be multiplied by the Region Adjustment Factor (CF) according to the specific country where the Works were performed. The Unit Rates shall not be adjusted by this Region Adjustment Factor in any way.

Whenever CONTRACTOR desires to utilize bank information different from that indicated above, it shall notify BUYER in accordance with Section 19.5 indicating the new bank information.

All payments shall be subject to correction and adjustment to be effected in subsequent payments.

8.8 Payments Withheld and Deducted. In addition to disputed amounts set forth in the Invoice, BUYER may withhold or deduct payment on Invoices or portions thereof in an amount and to such extent as may be reasonably necessary to protect BUYER and any other member of BUYER Group from loss due to:

(b) Defective Works that have not been remedied as required under this Agreement;

(c) amounts incorrectly paid by BUYER to CONTRACTOR or in respect of Invoices that were not accompanied by the required supporting documentation;

(d) amounts corresponding to the satisfaction of any liability to third parties for which CONTRACTOR is responsible (which liability is established directly or under any provision of this Agreement, including any provisions relating to CONTRACTOR's duty to indemnify any member of the BUYER Group) and brought against BUYER or any member of the BUYER Group;

(g) any amounts corresponding to the satisfaction of any judicial, arbitral or administrative decision or award, encumbrances, liabilities to third parties for which CONTRACTOR is responsible (whether directly or under any provision of this Agreement, including any provisions relating to CONTRACTOR's obligation to indemnify BUYER or any member of BUYER Group), and brought against BUYER or any member of the BUYER Group or, in the case of an encumbrance or Lien, created on any property of BUYER or BUYER Group; and

(h) any undisputed amounts due and payable by CONTRACTOR to BUYER.

8.9 Payment Error: Payments made in error shall be immediately returned by the Party receiving the payment in error. Notwithstanding the generality of the foregoing, in the event that BUYER discovers that the Works associated with a payment were not in fact performed in accordance with this Agreement and the standard set out in Section 12.2, BUYER may set off any such payment against future payments until the Work is performed in full or Defective Work is corrected.

8.10 Adjustments: Except as expressly provided in Article 6, and as otherwise expressly stated in this Agreement, the Unit Rates, and Maximum Price shall not be subject to any adjustment for any reason, including fluctuations of exchange rates, inflation, or price escalations.

ARTICLE 9 – COMMENCEMENT OF WORK: TERM

ARTICLE 10 - LIQUIDATED DAMAGES

10.1 If CONTRACTOR fails to comply with any of its obligations under this Agreement in a timely manner, for each Day of delay, CONTRACTOR shall pay to BUYER an amount corresponding to one percent (1.0%) of the total Invoice issued by CONTRACTOR in respect of the delayed Work or other obligations, after notification by BUYER of the delay stating a reasonable cure period and CONTRACTOR's failure to cure in such period. BUYER may, at BUYER's sole discretion, deduct or withhold from CONTRACTOR amounts that are otherwise due and payable to CONTRACTOR in order to satisfy any amounts payable by CONTRACTOR to BUYER pursuant to this Section 10.1.

10.2 CONTRACTOR's payment to BUYER of the amount calculated pursuant to Section 10.1, whether made directly to BUYER or through BUYER's deduction or withholding of amounts otherwise due and payable to CONTRACTOR, shall be BUYER's sole and exclusive remedy for damages suffered due to CONTRACTOR's delay in the timely performance of its obligations under this Agreement; provided, however, that such damages for delay shall not be deemed to include any costs, charges or expenses incurred by BUYER pursuant to Section 12.5, in respect of which CONTRACTOR shall remain liable to BUYER.

10.3 The Parties acknowledge and agree that due to the unique nature of CONTRACTOR's services, the difficulty in obtaining substitute services and the effects of delay, it would be impracticable or extremely difficult to determine the actual damages resulting from CONTRACTOR's failure to comply with its obligations under this Agreement in a timely manner. It is understood and agreed by the Parties that in light of these factors, any sums that would be payable by CONTRACTOR pursuant to Section 10.1 are in the nature of liquidated damages, are not a penalty, and represent a reasonable and appropriate estimate of fair compensation for the losses that BUYER may reasonably anticipate sustaining from CONTRACTOR's delayed performance of its obligations. CONTRACTOR agrees not to challenge the enforceability of the liquidated damages provisions contained herein. If the enforceability of the amount of liquidated damages under this Agreement is successfully challenged by CONTRACTOR, or by a third Person acting in its place and stead, as being a penalty or unreasonable amount, CONTRACTOR shall instead be liable to BUYER for all direct and consequential damages, costs and losses incurred by BUYER in connection with such breach or delay, together with all costs incurred by BUYER in proving or enforcing the same, without regard to any limitation whatsoever specified in Article 13 or elsewhere in this Agreement.

ARTICLE 11 - ADMINISTRATIVE SANCTIONS

11.1 - Without prejudice to contractual sanctions, the provisions of the Liability of the Parties Clause and the possibility of contractual termination, PETROBRAS is entitled to apply the following Administrative Sanctions to SERVICE PROVIDER, pursuant to Law No. 13.303/16 and RLCP:

a) Admonitory warning;
b) Administrative fine; and
c) Temporary suspension of participating in PETROBRAS' public bidding proceedings as well as contracting with PETROBRAS.

11.1.1 – The Administrative Sanctions shall only be applied after a due administrative procedure is over, in which it shall be granted the right to adversary system and full defense.

11.1.1.1 – Administrative Sanctions and Contractual sanctions are of different (legal) nature and may be applied jointly.

11.1.2 - PETROBRAS may, justifiably and at its discretion, apply an administrative fine in full replacement for the mild, medium or severe suspension penalty.

11.1.2.1 – The administrative fine will have its value defined according to the following formulas: Mild administrative fine = (0.1% RB + 0.1% VC + VPA) / 3 Medium administrative fine = (0.2% RB + 0.2% VC + VPA) / 3 Severe administrative fine = (0.4% RB + 0.4% VC + VPA) / 3 Where: RB = SERVICE PROVIDER's gross revenue in the last fiscal year immediately preceding the conduct that gives rise to the imposition of the fine VC = value of the Agreement or the invitation to tender (hiring) VPA = value of the loss calculated from the SERVICE PROVIDER's conduct (if there is no loss or impossibility of calculation, the VPA assigned will be equal to zero), limited to the sum of the RB and the VC, except in cases where the sanction refers to breach of contractual labor obligations, when such limit shall not be applied

11.1.2.1.1 – The maximum limit of an administrative fine in replacement for the suspension penalty shall be 10% of the Total Value of the Agreement.

11.1.2.1.2 - The calculation basis for the application of the fine, which refers to a percentage of the Total Value of the Agreement, will take into account the initial value of the Agreement with the adjustment defined in Clause Price Adjustment, considering also the additions and deletions covered by addenda executed until the fine trigger date, without the incidence of any proportional additions due to any extension.

11.1.2.1.3 - The replacement of the sanction of suspension for the sanction of administrative fine will be put in place from the full payment of the administrative fine. The sanction of suspension shall take effect from its application until the full payment of the fine.

11.1.2.2 – Payment of administrative fines may be made by deduction of collateral amounts in accordance of provisions related to Guarantee of Compliance with Contractual Obligations.

11.1.2.3 – If the administrative fine exceeds the value of the requested collateral provided for in the Guarantee of Compliance with Contractual Obligations Clause, or if such collateral does not allow the deduction of the respective amount, the payment of the administrative fine may be made upon deduction from the payments due by PETROBRAS.

11.1.2.4 – SERVICE PROVIDER may also pay the amount of the administrative fine as provided for in the notification of application of the sanction.

ARTICLE 12 – WARRANTY AND REMEDY OF DEFECTIVE WORK

12.1 CONTRACTOR warrants that it shall perform the Works in a first class, professional manner and that all Works shall be free from any defects in workmanship and performed in

accordance with Applicable Laws, the highest quality, efficient, and current Good Industry Practices, and in conformity with the terms and conditions of this Agreement.

12.2 Instruction to Correct Defect. If BUYER discovers or believes any part of the Works to be performed by CONTRACTOR has not been performed in accordance with this Agreement and the standard set out in Section 11.1 (such Work being the "**Defective Work**"), BUYER may give the CONTRACTOR an instruction:

(a) Specifying the Defective Work;
(b) Requiring the CONTRACTOR to correct the Defective Work; and
(c) Specifying the reasonable time within which the Defective Work shall be corrected.

For the avoidance of doubt, the Parties acknowledge and agree that Defective Work shall not include, and CONTRACTOR shall not be required to correct, any work, services or other activities required to be performed by any third party pursuant to the terms of any FPSO purchase and sales agreement or other contract entered into by BUYER or any member of BUYER Group for the supply of an FPSO in respect of which the Works under this Agreement are to be performed.

12.3 Correction of Defect. If an instruction is given under Section 12.2, CONTRACTOR shall, at its own cost, correct the Defective Work:

(a) within the time specified in such instruction; and
(b) in accordance with the terms and conditions of this Agreement.

12.4 Claim for Correction of Defect. If an instruction is given by BUYER under Section 12.2, CONTRACTOR shall proceed to correct the Defective Work within the time period stated in such instruction and will not be entitled to a variation, change order or any other additional compensation whatsoever in respect of such corrective Work.

(i) Each Party shall nominate one arbitrator. The request to the Secretariat shall include the nomination of the Party initiating the procedure. The other Party shall have sixty (60) Days to make its nomination. If a Party does not timely nominate an arbitrator, that Party's arbitrator shall be appointed by the Court pursuant to the ICC Rules;

(h) The Tribunal shall have the authority to enter interim, conservatory, injunctive, and declaratory relief, if appropriate under applicable substantive law. The Tribunal shall also have the power to determine whether a Dispute is appropriate for Arbitration. The Tribunal shall not, however, have the power to award punitive or exemplary damages. Notwithstanding anything in this Section 18.2(i), each Party retains the right to apply for injunctive relief in any court having jurisdiction thereof prior to or during the arbitration, and any such application shall not be deemed to be an infringement or waiver of the ability to arbitrate under this Section 18.2 and shall not affect the relevant powers reserved to the Tribunal.

(i) In accordance with and subject to Section 18.8, the laws of the State of New York shall apply to the arbitration, without giving effect to any laws, rules or provisions of the State of New York that would cause the application of the laws, rules or provisions of any jurisdiction other than the State of New York. The Tribunal shall not have the power of an amiable compositeur.

(j) Unless the Parties agree otherwise, the arbitration shall be completed within the time limit provided by the ICC Rules.

(k) The Parties agree to the exclusive jurisdiction of Brazilian courts to finally resolve any Dispute arising, relating to, or in connection with the imposition of any administrative sanction as provided for in Article 82 of law 13.303/2016.
